

 *Fill out form by typing and printing or print & fill out by hand*

City of Ballarat Community Garden on Council Managed Land Application Form

Community initiatives that increase people's access to healthy food and develop knowledge and skills about healthy eating have been identified as a priority in the City of Ballarat Council Plan 2013-2017. Community gardening initiatives present an important opportunity to respond to multiple community needs and potentially provide multiple community benefits; ultimately contributing to healthy, connected, safe and sustainable communities.

Visit this website to learn more about starting a community garden
